RE: Second Statement of Responsibility for Legal Costs and Intent to Petition for Employment Based Permanent Residency Changing from EB-2 to EB-1 First Preference

This memo serves to confirm that we have a full-time, permanent employment opportunity with no fixed termination point to offer the individual named below.

We have reviewed "Outside Legal Counsel for Immigration Matters: Summary of Fees Effective 10/1/14" regarding the estimated costs of obtaining outside legal counsel in seeking employment based permanent residency. We acknowledge and concur that the College and/or Department will pay all costs associated with the petition process for changing from EB-2 to EB-1 first preference though we have signed a previous statement of responsibility dated _____ for the scholar _____'s PR process for EB-2. We also understand that a 2nd meeting with the attorney, scholar, supervisor, and OISS representative will be scheduled.

We hereby request that the office of the General Counsel identify a qualified immigration attorney to pursue an employment based petition for permanent residency on behalf of:

Name of Employee: _____

Current Position: _____

Proposed Position: _____

Sponsoring Department: _____

Sponsoring Department Chairperson: _____

We further request that the Office of the General Counsel bill our charges for this case to University Account # _____. We understand that the Office of International Students and Scholars will notify us of the attorney assigned to this case. The Office of International Students and Scholars will coordinate efforts by the hiring department, the sponsored employee, and the attorney. We have retained a copy of this memo for our records. We also understand that we are responsible for attorney fees should we decide to discontinue the PR process or if circumstances beyond our control arise during the process that precludes the prospective employee from obtaining permanent residency.
